

Mist-er-Killer Fire Lance

Description

INNOVATIVE EXTINGUISHING LANCE DESIGNED TO FIGHT FIRES IN ENCLOSED SPACES, DIFFICULT ACCESS AREAS OR HIGH RISK FIRES

Designed by firefighters for firefighters

Unique and versatile tool engineered by firefighters for firefighters – experts on internal fires. Allows for direct access to fire in enclosed spaces or high risk areas through walls, roofs, ceilings etc. Mist-er-Killer lance creates a cloud of water mist which is a lot more efficient in extinguishing fires than water. Lance can be hammered (max 5kg hammer) for quick and easy use. Sets of lance & hammer with integrated mount available.

Versatile tool

The lance can pierce through all types of materials e.g. concrete, bricks, wood, steel etc. Exchangeable heads and extensions offering for various applications i.e. attack, turbo attack, defence, straw, peat.

Sturdy & Durable

Made with high quality treated steel to ensure long life without loss of quality and efficiency.

Safe of use

The lance has been equipped with protectors to ensure safety of operators.

Technical specification

Length	600 mm	800 mm	1000 mm
Length (with Head Attack)	930 mm	1130 mm	1330 mm
Weight	5 kg	5,5 kg	6 kg
Pressure	5-8 bar	5-8 bar	5-8 bar
Efficiency	70-250 l/min	70-250 l/min	70-250 l/min

HADS:

Head Attack	efficiency 160 l/min
Head Defence	efficiency 160 l/min
Head Turbo Attack	efficiency 90 l/min
Head Straw & Dusty	efficiency 240 l/min
Head Peat & Forest	efficiency 200 l/min
Extension, 800 mm	weight 2,5 kg
