

Driver Airbag Safety Systems

Driver Airbag Safety Systems are designed to prevent accidental or unexpected deployment of a vehicle's airbag during rescue operations. In post-collision scenarios, undeployed airbags present a significant risk to rescue personnel and casualties. This system provides a controlled stabilisation solution, allowing emergency teams to operate safely within the vehicle interior.

Constructed from durable 5-layer Complan material and equipped with impregnated polyester straps, the system ensures reliable performance under demanding conditions. The metal cam buckle locking mechanism enables secure positioning, while the compact design allows for rapid deployment and easy handling during time-critical interventions.

KEY FEATURES

- **Prevents unintended airbag deployment** – improves rescuer safety during vehicle extrication
- **Short set-up time** – enables rapid deployment in emergency situations
- **Universal vehicle compatibility** – suitable for cars, SUVs, vans and trucks
- **Fits left- and right-hand drive vehicles** – adaptable for global use
- **Durable 5-layer Complan material** – high resistance to mechanical stress
- **Impregnated polyester straps** – strong and reliable securing system
- **Metal cam buckle locking** – ensures secure and stable fixation

TECHNICAL DATA

Specification	Value
Available Sizes	350–390 mm • 400–450 mm • 430–500 mm
Material	5-layer Complan
Straps	Impregnated polyester
Fixings	Metal components
Installation	Quick installation (guide printed on label)
Markings	Manufacture date on label
Compatibility	Cars • SUVs • Vans • Trucks
Drive Orientation	Left-hand and right-hand vehicles

Driver Airbag Safety Systems

AVAILABLE SETS

DRIVER AIRBAG SAFETY SYSTEM 1

SKU: FMRS-DAB11	
Airbag Safe 350–390 mm	1 pc
Transport bag	1 pc
Manual	1 pc
SKU: FMRS-DAB12	
Airbag Safe 400–450 mm	1 pc
Transport bag	1 pc
Manual	1 pc
SKU: FMRS-DAB13	
Airbag Safe 430–500 mm	1 pc
Transport bag	1 pc
Manual	1 pc

DRIVER AIRBAG SAFETY SYSTEM 3

SKU: FMRS-DAB31	
Airbag Safe 350–390 mm	1 pc
Airbag Safe 400–450 mm	1 pc
Airbag Safe 430–500 mm	1 pc
Transport bag	1 pc
Manual	1 pc

DRIVER AIRBAG SAFETY SYSTEM 2

SKU: FMRS-DAB21	
Airbag Safe 350–390 mm	1 pc
Airbag Safe 400–450 mm	1 pc
Transport bag	1 pc
Manual	1 pc
SKU: FMRS-DAB22	
Airbag Safe 350–390 mm	1 pc
Airbag Safe 430–500 mm	1 pc
Transport bag	1 pc
Manual	1 pc
SKU: FMRS-DAB23	
Airbag Safe 400–450 mm	1 pc
Airbag Safe 430–500 mm	1 pc
Transport bag	1 pc
Manual	1 pc

PRIMARY APPLICATIONS

Road traffic collision rescue • Vehicle stabilisation • Fire and rescue operations • Technical rescue scenarios
